WHAT IS TEL-MED?

WHO USES THE YELLOW PAGES?

JUST ABOUT EVERYONE.

4 OUT OF 5 ADULTS USE THE YELLOW PAGES... to locate a product or service. That's 112 million people or over 80% of the adult* population.

AND THEY USE THE YELLOW PAGES FREQUENTLY... over a 12 month period, Yellow Pages users averaged almost 34 references each, or more than 3.9 billion references.

AND 9 OUT OF 10 TIMES THE YELLOW PAGES GET ACTION... 84% of all references were followed up by a visit, a phone call, or a letter.

THE YELLOW PAGES BUILD BUSINESS SALES... 38% of the Yellow Pages references were for business use.

THE YELLOW PAGES BUILD CONSUMER SALES... 62% of all references were for personal use.

PEOPLE WHO KNOW YOU PREFER TO FIND YOU IN THE YELLOW PAGES... 43% of the references were to the Yellow Pages instead of the white pages even though the name was known.

BUT HALF THE PEOPLE WHO USE THE YELLOW PAGES ARE LOOKING FOR ANYONE... 51% of the references were made without the name in mind.

SO MAKE YOURSELF EASY TO FIND

Directory Story

A Directional Medium Designed to Assist, Serve and Satisfy.

Yellow Pages - A Directional Medium

Advertising can be either *creative* or *directive*. Creative advertising stimulates a need or creates a desire for products or services. This type of advertising is frequently placed in such media as:

Radio	**Magazines**	**Billboards**
Television	**Direct Mail**	**Newspapers**

Directive advertising channels or directs prospective buyers to sellers after a need or demand has been established. This type of advertising appears exclusively in media designed to tell a sales story—to support a desire already created. The Yellow Pages is just such a directional medium designed with broad appeal to stimulate all types of prospects.

The Yellow Pages Offers Five Important Measurements of Advertising Value:

1. Circulation
2. Usage/Exposure
3. Availability/Retention
4. Economy
5. Follow-up Action

Your Known and Unknown Market

Whatever your business, product or service, there are only two types of buyers who use the Yellow Pages-those who have a definite firm in mind, the "Known Market", and those who DO NOT have a definite firm in mind, the "Unknown Market".

Known Market:

- Recommended
- Saw Advertising
- Solicited
- Passers-By
- Former Customers
- Credit Card Buyers

Unknown Market::

- Newcomers
- Emergency
- Dissatisfied Customers
- Have Infrequent Needs
- Use Competitive Bids
- Transients

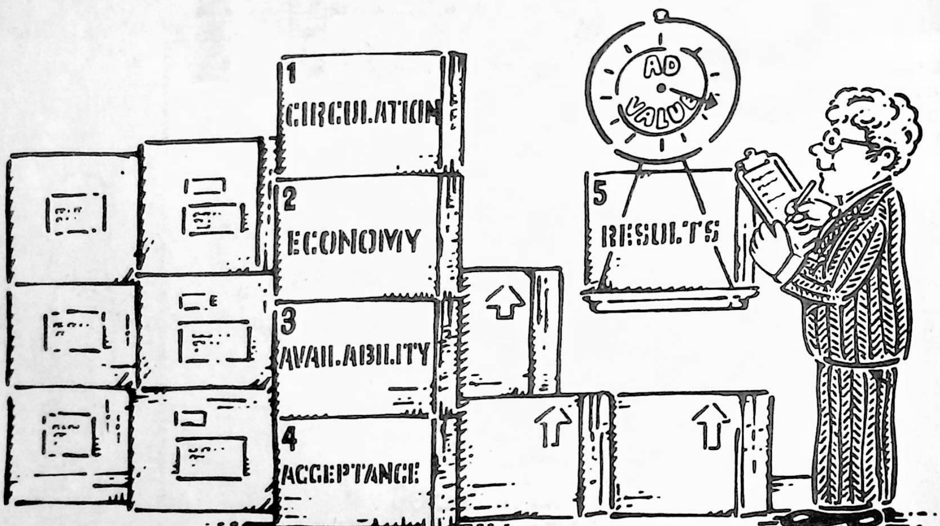
Yellow Pages

Yellow Pages Advertising Value:



Circulation. Almost everyone either receives a Yellow Pages directory, or has access to one.

Economy. Your cost per potential buyer is only pennies a day with a Yellow Pages ad program.

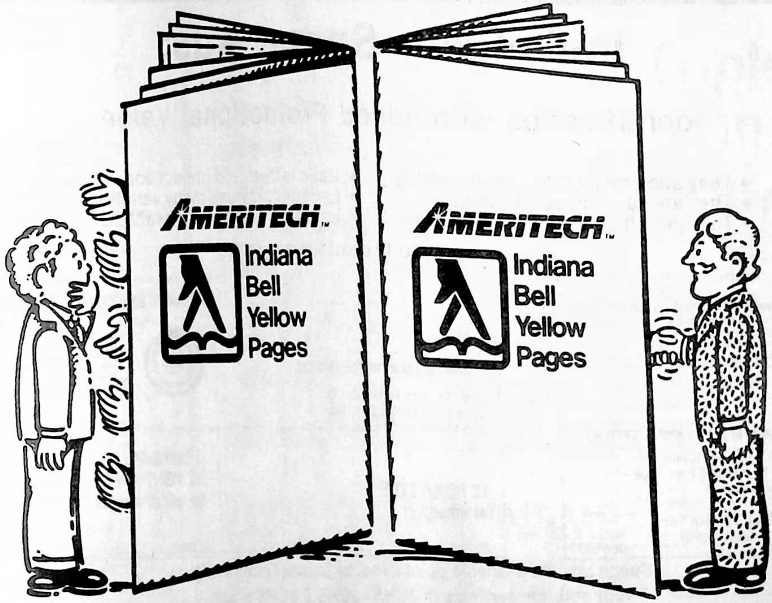
Availability. The Yellow Pages are where your buyers are. At home, at work, or at play. Twenty-four hours a day.

Acceptance. Four out of five adults use the Yellow Pages an average of 34 times a year to find the products and services they need.

Results. 84.6% of the references to the Yellow Pages result in action...a phone call, a letter or a visit.

Two types of buyers use the Yellow Pages:

Buyers looking for any firm that sells what they need.



Buyers looking for any firm include:

- Newcomers & visitors.
- Emergency buyers.
- Buyers who've become dissatisfied with a competitor.
- Buyers looking for infrequently purchased items.
- Comparison shoppers.

Buyers looking for a specific firm.

More specifically, they may be looking for your firm because:

- You were recommended.
- Your advertising appealed to them.
- Your sales people have called on them
- They passed by your location and remembered you.
- They are former customers.
